Profile

In a few words
Sociable by nature, I am interested in aeronautics and space. I value hard work, reflection and teamwork.

Education

Since 2026: INP-ENSEEIHT, Toulouse
First year of the engineering programme.
MFEE track (fluid mechanics, energy, environment).

2024-2026: Lycée Gustave Eiffel, Bordeaux
First and second years of preparatory classes (CPGE) PCSI and PSI*.
Admitted to the PSI* class.
TIPE (research project) on fluid mechanics: resistance of a bridge to von Kármán vortex streets.

2021-2024: Lycée Louis Barthou (public high school), Pau
French Baccalauréat, European section (English, physics-chemistry), with honours (15.84/20).
Specialties: physics-chemistry and mathematics. Advanced mathematics option.
Mathematics club (1 hour per week).
Physics Olympiads (weekly classes and competition).
Economics and social sciences (SES) specialty taken in 11th grade.

Skills

Computing
Microsoft Office suite.
Programming: Python / SQL (CPGE-PSI level)

Languages
French (native)
English (C1)
Spanish (A2)

Other

Sports (handball, volleyball, climbing, running).
Hiking, skiing.
Travel, especially in English-speaking countries.
Following developments in aeronautics and space.
